

Gold Learning Provider

At the ACCA – BPP event at Shell on 4 March Mr. Steve Priddy, Technical Director of Policy at ACCA handed over the Gold learning provider certificate to Frank Bakker, MD of BPP Netherlands.

The audit performed by ACCA Global took place at BPP NL headquarters in Amsterdam on 20 January 2010. The premises and its facilities were inspected, the administration and feedback forms audited and interviews with three BPP students took place. All in all, it resulted in a positive performance, meeting all expectations with regard to the quality requirements. We would like to thank our students Anna-Eva Winter, Willy Obeng and Sias Smith for their positive contribution.

As of today BPP Netherlands is proud to be the only Gold learning provider in the mainland of Western Europe.

ACCA – BPP event at Shell

On March 4 we celebrated the 5th ACCA-BPP event. The theme for this event was Corporate Social Responsibility. A quote from one of the visitors: “Many thanks for the event last night. I and everyone I spoke to were very impressed with the organisation of it, with the speakers and the refreshments. Many thanks again.” Jim Robertson and Rupert Thomas, two Vice Presidents at Shell, gave an excellent presentation and Calvin Chiu, one of our BPP students, had an interesting and funny story to tell about the added value of ACCA to his career.

Next event is scheduled on August 26. The theme will be the Future of Accountancy. Save the date in your agenda!

With kind regards,

Team BPP Netherlands
